

awecast EVENTS

CAPTIVATE YOUR AUDIENCE

Elevate Your In-Person Experiences
Powered by Unparalleled Production and Technical Expertise

Premier In-Person Event Production

Awecast Events has been the premier provider of A/V production and event services for over a decade, specializing in creating unforgettable live experiences - from intimate gatherings to large industry conferences. Our team of experts handles every aspect of your in-person event production, ensuring a seamless, high-quality experience for you and your attendees.

Customized Solutions

We tailor our services to meet your unique needs, whether you require complex multi-room setups, interactive displays, or specialized equipment.

Trusted Technical Expertise

Our seasoned crew provides end-to-end event support, from pre-event planning and onsite management to real-time monitoring and troubleshooting, guaranteeing a smooth event from start to finish.

Seamless Hybrid Integration

For events with a virtual component, we offer seamless hybrid solutions that integrate live-streamed content, remote presenters, and online engagement tools. Your in-person and virtual audiences will enjoy a cohesive experience.

Uncompromising Technology

We expertly deliver comprehensive technology solutions, encompassing WiFi and Internet access, event show management, registration systems, digital signage, printing services, and robust power systems for outdoor and remote events.

The Awecast Advantage

Our comprehensive ecosystem encompasses all aspects of a live event - from planning and creative development to content management, video production, and technology.

Our creative production team provides pre-event marketing support, including content creation, graphics and animation, advertising, and social media assistance.

Our editing and graphics team maintains a professional, consistent look throughout your event, keeping your audience engaged and your branding seamless.

Our in-person event team provides cameras, sound, lighting, projection, IT, staging, and remote presenter integration.

Our information technology team ensures seamless operations by managing infrastructure, providing technical support, and integrating all technologies.
